

PLATINUM PAINT SHIELD

Factory paint is not enough.

Our platinum protection will be applied to all types of surfaces on your vehicle including all your windows, tires, varnished and metal external surfaces, high-graded steel, painted surfaces and all plastic and chrome-plated areas too!

When you apply Platinum Paint Shield to a surface; billions of tiny nano-particles instantly bond to the surface just like tiny magnets. They fill in microscopic pores and capillaries that dirt and other contaminants normally bond to.

Our Platinum Paint Shield is a derivative of a specific silicon monomer with polymers intended for surface protection particularly in the aircraft industry.

- Resists heat up to 300°C/572°F.
- UV Protection.
- Electrostatic bond that repels airborne dust.
- Resists most acids, solvents and alkalis.
- Non-toxic, non-flammable and biodegradable – a GREEN treatment element.

Benefits

- Maintains the showroom shine without having to wax your vehicle.
- Enhanced appearance and highly repellent surfaces.
- Improved resale value of your investment eliminates Brake Dust Damage.
- Protection from Surface RUST, when combined with Body Armour.

*see product contract for details regarding all warranties and coverages

FOUNDATION ARMOUR

Foundation Armour consists of a rubber spray-on product that permanently seals the undercarriage of your vehicle.

The bottom of your vehicle is constantly exposed to the various elements of the road. Eventually, sand and gravel grind down the underside of your vehicle, exposing the bare metal to the effects of rust.

Foundation Armour protects your vehicle from the devastating effects of rust. The Foundation Armour insulation also reduces tire & road noise, providing for a more comfortable driving experience.

Benefits

- Protection from RUST.
- Reduced road noise.
- Improved resale value of your investment.

Warranty

- Lifetime warranty on current model year
- 72 month warranty on pre-owned vehicles

INTERIOR ARMOUR

Interior Armour provides a barrier of protection inside your vehicle that prevents permanent stains or discolouration.

Interior Armour creates an invisible barrier of protection that allows for quick & easy clean-up of accidental spills. This one-time application does not change the natural feel or look of your interior, and remains effective even after numerous spills.

Benefits

- Enhanced appearance.
- Improved resale value of your investment.
- Protection from extreme climate conditions and destructive compounds.
- Protection from permanent stains.

Warranty

- 60 months warranty on current model year
- 36 months warranty on pre-owned vehicles
